

Appn. No. 10/709,531
Docket No. 41PR-124392/GEN-0178-P

AMENDMENTS TO THE DRAWINGS

Prior to examination of the above identified application, please amend Figure 5 to include an arrow head at the end of the leader line associated with reference numeral 68 (trip bar (first actuator)) to better reflect the element in Figure 5 represented by the reference numeral. This drawing amendment is described in the application as originally filed and discussed below. No new matter has been added.

A clean replacement sheet of Figure 5 with the above noted amendment is provided herewith.
